## TESTS, TITLES & TIMING

How does a FAST CAT work?

- 1) Fast CAT is a timed straight race of 100 yards.
- 2) Dogs run singularly.
- 3) **The dog's time to complete the 100 yard dash is converted into mph.**
- 4) **A handicap system is applied to a dog's MPH to determine the number of points earned.** The handicap system is based on the height of the dog at the withers:
  - 18" or greater = handicap is 1.0**
  - 12" up to less than 18" = handicap is 1.5**
  - Below 12" = handicap is 2.0**
- 5) **Points = MPH multiplied by the dog's handicap**
- 6) FAST CAT suffix titles are earned at designated milestones:
  - BCAT = 150 points
  - DCAT = 500 points
  - FCAT = 1,000 points
  - FCAT# = each additional 500 points
- 7) Timing devices: The time to complete the 100 yard dash is recorded to the nearest 1/100<sup>th</sup> of a second (e.g. 9.11). The club may use break-the-beam equipment to obtain the time. If stopwatches are used, there shall be two timers positioned at the finish line. An individual at the start line shall signal with an arm drop the moment the nose of the dog crosses the start line. The timers shall stop their watches when the nose of the dog crosses the finish line. The times from the two stop watches shall be averaged to determine the recorded time.
- 8) Conversion:  $204.545 / \text{Dog's Time} = \text{MPH}$

## GENERAL RULES

- 1) All entries must be one year of age or older on the day of the test.
- 2) Each entry will be examined and may be measured with a wicket at inspection. If in the opinion of the inspection committee, any entry found to be lame, unfit to compete, or a female in season, shall not be allowed to enter and entry fees shall be refunded (less paypal fees if paid online). The decision of the field committee is final.
- 3) **Dogs may be muzzled at the owner's discretion. Muzzles must not have sharp, hard edges and must allow the dog to breathe.** Dogs may wear any collar except a choker collar, a collar with prongs or an electronic training collar. The collar should be snug to minimize the chances of getting hung up on something during the run. . The club recommends using a plain collar and lead, and we discourage the use of flexi leads for safety reasons.
- 4) Electric continuous loop machines will be used. Lures consist of white plastic bags.
- 5) Electronic timers will be used.
- 6) The field committee reserves the right to bar known aggressive dogs from the event site.
- 7) There will be a \$5 fine assessed for any loose dog not taking part in the course in progress (per AKC).
- 8) The following actions may result in a fine and/or being excused from the event: exhibiting unsportsmanlike conduct, not picking up after your dog, or littering in any area of the event.
- 9) NO ONE is allowed on the field without the express permission of the Field Chairman, except the appointed Field Committee.
- 10) There is NO SMOKING in the following areas: In and around the Paddock area, in and around the Secretary's table, and nowhere on the field itself. Please be respectful of others.
- 11) There are port-a-pottys to use. .
- 12) Park with sufficient distance between vehicles. If it is wet outside, do NOT park on any of the grassy areas. There is plenty of parking on gravel.
- 13) Suggested to bring your own food, water, etc.
